We will take advantage of Boone in the summer with extended time outside, art activities, large and small motor activities, sand and water play, and always books, in addition of the availability of the Montessori math, language, sensorial and geography materials. Summer is a great time for science learning! This is a supervised summer “neighborhood”, including a range of ages, interests and skills. Because it is a summer “backyard”, we extend the age range to run from 2-9, with the older children serving as “junior assistants.”

One week's deposit is due at time of registration. Payments after that can be made weekly or monthly. After the first week of attendance revisions in enrollment or payment will not be accepted. New children will have a week to see how we mutually "fit". Drop-ins for Extended Day (8:00-4:00) may be available, with the numbers per afternoon limited to 4 per staff person. Currently enrolled Mary's School families are given first choice of enrollment. Within several days of receiving your deposit I will confirm that your weeks are available.
